

Landscape Recycling

ATTENTION HUDSON RESIDENTS

HUDSON WILL SOON BE OFFERING LANDSCAPE RECYCLING

Starting October 5th, 2011 the Village & Township of Hudson will begin a landscape recycling program. Residents will drop off their yard waste during daylight hours in designated areas behind the Township Shed on Franklin. The waste will then be taken to the ISU Farm to be composted. Many residents have been requesting a program like this and we are happy to be able to provide it. In order to keep it going some guidelines must be followed:

Permitted	Not Permitted
Grass Clippings	Plastic Bags
Leaves	Building Materials
Weeds	Appliances/Bulk Items
Garden Waste	Household Waste (garbage/refuse)
Tree & Shrub trimmings	Rocks & Gravel
